FIG. 13A

FIG. 14 is a perspective view of a three-dimensional zigzag structure 22. The structure 22 is composed of three rectangular segments connected by angled joints, forming a zigzag pattern. A rectangular notch 26 is formed in the top surface of the middle segment. The structure 22 is shown resting on a base 14, which has a wavy, irregular top surface.

FIG. 14B

FIG. 15A

FIG. 15A is a perspective view of a device 23. The device features a first channel 28A and a second channel 28B. The channels are defined by a raised structure 30A and 30B. A component 26 is located at the top of the structure 30B. A wavy line 88 is shown on the right side of the structure.
